MEDICAL ASSESSMENT
(REGISTERED MEDICAL PRACTITIONER TO COMPLETE)

This medical examination must be conducted in accordance with the national medical standards described in the current Assessing Fitness to Drive Guidelines (The guidelines). These guidelines are available from www.austroads.com.au. The guidelines detail the examination process and the medical criteria for fitness to drive.

Driver accreditation holders must meet the commercial vehicle driver standards set out in the guidelines.

Indemnity
State legislation provides legal indemnity to medical practitioners who conduct an examination and provide CPVV with an opinion based on that examination.

Criminal liability and insurance
Practitioners may be liable under civil law, in cases where a court forms the opinion that they have not taken reasonable steps to ensure that impaired drivers drive only in circumstances that do not place them and other members of the community at increased risk. Professional indemnity insurers are aware of the potential liability of medical practitioners and may reasonably expect medical practitioners to comply with the national medical standards.

Conditions and restrictions
Medical practitioners may recommend conditions which may enhance driver competency or safety and allow the patient to continue to drive (eg. corrective lenses). If you recommend a conditional licence, details of the recommended restrictions and reasons must be provided, otherwise a conditional accreditation will not be considered.
For more information about conditional licences refer to the guidelines.

Please complete all fields in BLOCK LETTERS

Applicant last name
Applicant first and middle name/s
Date of birth DD / MM / YYYY

I certify that I have examined the above mentioned patient (who is applying for driver accreditation) in accordance with the relevant national medical standards for licensing of commercial passenger vehicle drivers as set out in the guidelines. In my opinion the patient (please tick):

☐ Meets the relevant medical criteria for an unconditional accreditation and requires no further assessment

☐ Does not meet the medical criteria for an unconditional or conditional accreditation (provide details of criteria not met in space over page)

☐ Does not meet the medical criteria for an unconditional accreditation but may be suitable for a conditional accreditation based on information noted below (provide details of criteria not met, proposed restrictions or conditions such as the requirement to wear corrective lenses when driving a commercial passenger vehicle, suggestions for management and/or periodic review in space over page)

☐ Requires appropriate specialist assessment (provide details of type of specialist recommended/referred to in space over page)

☐ Endocrinologist  ☐ Sleep Specialist  ☐ Neurologist
☐ Psychiatrist  ☐ Cardiologist  ☐ Occupational Therapist
☐ Other
